2. FINANCIAL MATTERS IN RESPECT OF THE LAND

Information concerning the amount of annual rates, taxes, charges and other similar outgoings affecting the property and interest (if any) payable thereon (including any owners corporation charges and interest) are contained in the attached certificates.

1. Cardinia Shire Council
2. South East Water

In addition to the above total, the amount concerning State Revenue Office Land Tax payable by the vendor in respect of this property is contained within the attached property clearance certificate (if applicable).

Information concerning the Commercial and Industrial Property Tax (CIPT) and Commercial and Industrial Property Tax Reform Act 2024 (CIPT Act):

The property is subject to the CIPT regime if the property is transferred on or after 1 July 2024 and the property is allocated within the following Australian Valuation Property Classification Code (AVPCC) ranges: 200-299 (commercial) and 300-399 (industrial) and 400-499 (extractive industries) and 600-699 (infrastructure and utilities) and the property is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act. If the property is allocated more than one AVPCC then the property is subject to the CIPT regime if the property is used solely or primarily for one of the prescribed uses defined as a qualifying use, within the meaning given by section 4 of the CIPT Act. If the property falls outside of the above AVPCC ranges the property will not be subject to the CIPT regime unless a change of use occurs.

The AVPCC allocated to the property is contained in the attached property clearance certificate/council rates notice.

The date the property entered the CIPT regime on the following date: **Not applicable, unless explicitly stated otherwise in the Property Clearance Certificate attached.**

Any further amounts (including any proposed owners corporation levy) for which the purchaser may become liable as a consequence of the purchase of the property are as follows:

1. Owners corporation (if applicable) special levies
2. Land tax if the property is not exempt as your principal place of residence
3. Annual increases in all outgoings if you purchase this property in the next rating period after this vendors statement was prepared.
4. Congestion levy for car parks (if in applicable area and your use does not entitle you to an exemption)
5. Land Tax may be applicable if land value exceeds \$50,000.00 or a change of use occurs. A purchaser will remain liable for any adjusted increase in a new assessment issued after the 31 December of the year preceding the vendor's execution of this vendors statement.

The particulars of any charge (whether registered or not) over the property imposed by or under any act to secure an amount due under that act are as follows: **If any as contained in the attached certificates and searches.**

3. SERVICES:

The following services are **connected** to the land:

- a) Electricity

The following services are **not connected** to the land:

- a) Gas
- b) Water
- c) Sewerage
- d) Telephone

Purchasers should check with the appropriate authorities as to the availability of, and the cost of providing, any essential services not connected to the land. It is the responsibility of the purchaser to pay all costs to transfer or reconnect the services you require.

4. INFORMATION RELATING TO ANY OWNERS CORPORATION-

The land is NOT affected by an owner's corporation within the meaning of the Owner's Corporations Act 2006.

5. EVIDENCE OF TITLE- Attached are copies of the following document/s concerning Title:

- (a) In the case of land under the Transfer of Land Act 1958, a copy of the register search statement and the document, or part of the document, referred to as the diagram location in the register search statement that identifies the land and its location;
- (b) In any other case, a copy of-
 - I. The last conveyance in the chain of title to the land; or
 - II. Any other document which gives evidence of the vendor's title to the land;
- (c) If the vendor is not the registered proprietor of the land or the owner of the estate in fee simple in the land, evidence of the vendor's right or power to sell the land;
- (d) In the case of land that is subject to a subdivision-
 - I. If the plan of subdivision has not been registered, a copy of the plan of subdivision which has been certified by the relevant municipal council; or
 - II. If the plan of subdivision has not yet been certified, a copy of the latest version of the plan;
- (e) In the case of land that is part of a staged subdivision within the meaning of section 37 of the Subdivision Act 1988-
 - I. If the land is in the second or a subsequent stage, a copy of the plan for the first stage; and
 - II. Details of any requirements in a statement of compliance relating to the stage in which the land is included that have not been complied with; and
 - III. Details of any proposals relating to subsequent stages that are known to the vendor; and
 - IV. A statement of the contents of any permit under the Planning and Environment Act 1987 authorising the staged subdivision
- (f) In the case of land that is subject to a subdivision and in respect of which a further plan within the meaning of the Subdivision Act 1988 is proposed-
 - I. If the later plan has not been registered, a copy of the plan which has been certified by the relevant municipal council; or
 - II. If the later plan has not yet been certified, a copy of the latest version of the plan

6. BUILDING PERMITS- Particulars of any building permit issued in the past seven years under the Building Act 1993 (where the property includes a residence):

Is contained in the attached certificate/s.

7. INSURANCE DETAILS IN RESPECT OF THE LAND- The contract provides that the land remains at the risk of the vendor before the purchaser is entitled to possession or receipts of rents and profits.

If there is a residence on the land which was constructed within the preceding 6 years by the vendor as an owner builder and which section 137B of the Building Act 1993 applies to the residence the required insurance details are attached.

The vendor makes no representations that the building and structures comply with all relevant statutes and local regulations. It is the purchaser's responsibility to make their own enquiries before entering in to a contract of sale to ensure they comply and shall not be entitled to make any

objection, claim any compensation or require the vendor to perform any act due to a failure for the structures to comply with any regulation.

8. NOTICES MADE IN RESPECT OF LAND- Particulars of any notice, order, declaration, report or recommendation of a public authority or government department or approved proposal directly and currently affecting the land that the vendor might reasonably be expected to have knowledge are contained in certificates herein if applicable.

Whether there are any notices, property management plans, reports or order in respect of the land issued by a government department or public authority in relation to livestock disease or contamination by agricultural chemicals affecting the ongoing use of the land for agricultural purposes are contained in certificates herein if applicable.

Whether there are any notices pursuant to section 6 of the Land Acquisition and Compensation Act 1986 are contained in certificates herein if applicable.

VENDOR'S UNDERTAKINGS ONLY TO THE VENDORS REPRESENTATIVE

I confirm that this statement and the representations and warranties given by me in lieu of requisitions have been printed solely in accordance with my instructions and from the information and documents provided or approved by me and are true and correct. I undertake that I will exercise all possible diligence and provide full disclosure of all relevant information. I am aware that Inspire Law have only been employed to fill up this document in accordance with my said instructions and the information and documents provided or approved by me. I certify that I am not aware of: (a) any variation between the land occupied by me and the land described in the certificate/s of title; (b) any encumbrances not disclosed in this document; (c) any failure to obtain any necessary planning, building or other permits; (d) the property being affected by any environmental, landslip, flooding, fill, latent defects or historical significance issues; (e) any contingent or proposed liabilities affecting any body corporate including any relating to the undertaking of repairs to the property; (f) my occupation of any adjacent land which is not contained in the land being sold; (g) any buildings erected over any easements; (h) any rights over any other land (i.e. a roadway or walkway) other than those disclosed herein and; (i) any proposal in relation to any other land which may affect the land being sold.

I acknowledge that I have read the statement, all the documents and the representations and warranties given by me in lieu of requisitions and I accept sole responsibility for the accuracy of all the information and documents and for providing or omitting all or any of the information, conditions, titles, notices or documents including, but without limiting the generality of the foregoing, any information, conditions, titles or documents required or that later may be deemed to be required by section 32 of the Sale of Land Act 1962, the Domestic Building Contracts and Tribunal Act 1995 and/or any other act or regulation. I agree that this vendor's statement and the documents herewith (including the search of the title) must be updated at the expiration of six calendar months from the date of the search of the title herewith. I will not hold Inspire Law responsible if the vendor's statement is not so updated or if it is used by any real estate agent other than the one to whom it is first forwarded to by Inspire Law.

I undertake to keep the property and all improvements therein and thereon, fully insured for their full replacement cost (new for old) until the final settlement of the matter.

Terms and Conditions

1. Role of ADI Building Services Pty Ltd

1.1 Professional Standard of Care

In performing the Services, ADI Building Services Pty Ltd shall:

- (a) exercise the degree of reasonable skill, care and diligence;
 - (b) and maintain the ethical standards;
- normally expected of the profession of building surveyors.

1.2 Notice of Matters Likely to Change Scope or Timing of Services

If ADI Building Services Pty Ltd becomes aware of anything which may change the scope or timing or cost of the Services, then it shall as soon as practicable give written notice to the Client. The notice shall as far as practicable contain particulars of the change.

2. Payment to ADI Building Services Pty Ltd for Services

2.1 Client to Make Payment

In consideration of the promise by ADI Building Services Pty Ltd to perform the Services, the Client promises to pay to ADI Building Services Pty Ltd the fees and the expenses as set out in ADI Building Services Pty Ltd's Letters.

2.2 Timing of Payment

At or after the time that any part of the Services are performed by ADI Building Services Pty Ltd, ADI Building Services Pty Ltd may give the Client an account for that part of the Services performed and for any expenses incurred. The Client shall pay the full amount owing in respect of each account within fourteen (14) days of issue of the account.

2.3 Interest on Overdue Payment

In addition to all other rights and remedies of ADI Building Services Pty Ltd, if the Client fails to pay all monies as and when due, ADI Building Services Pty Ltd shall be entitled to recover interest at the higher of 15% per annum and the rate that is 2% higher than the rate for the time being fixed under Section 2 of the Penalty Interest Rates Act 1983.

2.4 Disputed Claims

If the Client disputes the whole or any portion of the amount claimed in an account submitted by ADI Building Services Pty Ltd, then it shall pay that portion of the amount stated in the account which is not in dispute and it shall notify ADI Building Services Pty Ltd in writing of the reasons for disputing the account. If it is established that some or all of the amount in dispute ought properly to have been paid at the time it was first claimed, then the Client shall pay the amount finally established together with interest on that amount in accordance with clause 3.3.

2.5 Payment of Costs If Building Works Delayed

If the performance of the Services is delayed beyond a reasonable period for any reason other than a breach of the Agreement by ADI Building Services Pty Ltd, then the Client shall pay to ADI Building Services Pty Ltd a reasonable sum of money to cover the consequential costs and expenses suffered by ADI Building Services Pty Ltd as a result of the delay.

2.6 Effect of Termination on Right to Payment

If the engagement of ADI Building Services Pty Ltd is terminated for any reason other than for breach of these Terms of Engagement by ADI Building Services Pty Ltd, then ADI Building Services Pty Ltd shall be entitled to pro rata payment for the Services carried out and consequential costs and expenses incurred as a result of the termination, for the period up to and including the date of termination.

2.7 Changes In Laws

If after the date of these Terms of Engagement there is any change to the laws, by-laws, regulations or ordinances of the Commonwealth of Australia or a State or Territory of Australia or any statutory authority and that change directly or indirectly increases or decreases the costs or expenses incurred by ADI Building Services Pty Ltd in performing the Services, then the fees and expenses otherwise payable to ADI Building Services Pty Ltd under these Terms of Engagement shall be increased or decreased accordingly.

3. Scope of Liability

3.1 Direct and Indirect Loss

The liability of ADI Building Services Pty Ltd to the Client arising out of the performance or non-performance of the Services, whether under the law of contract, tort or otherwise shall be limited to the direct cost of rectifying the Building Works.

3.2 Maximum Amount of Liability

The maximum liability of ADI Building Services Pty Ltd to the Client arising out of the performance or non-performance of the Services, whether under the law of contract, tort or otherwise, shall be the amount of \$50,000.00.

3.3 Release

The Client releases ADI Building Services Pty Ltd from, and agrees that ADI Building Services Pty Ltd is not liable for, any liability or loss arising from or any costs incurred in connection with the Services in excess of the ADI Building Services Pty Ltd's liability determined in accordance with clause 4.2.

3.4 Duration of Liability

ADI Building Services Pty Ltd shall be deemed to have been discharged from all liability in respect of the Services, whether under the law of contract tort or otherwise, at the expiration of one (1) year from the completion of the Services, and the Client (and persons claiming through or under the Client) shall not be entitled to commence any action or claim whatsoever against ADI Building Services Pty Ltd (or any employee of ADI Building Services Pty Ltd) in respect of the Services after that date.

3.5 Extent of Warranty

Except to the extent imposed by law or specifically provided for in these Terms of Engagement, ADI Building Services Pty Ltd does not give any warranty nor accept any liability in relation to the performance or non-performance of the Services. If, apart from this clause, any warranty would be implied whether by law, custom or otherwise, that warranty is to the full extent permitted by law hereby excluded. Nothing herein, contained shall be read or applied so as to purport to exclude,

restrict or modify or have the effect of excluding, restricting or modifying the application in relation to the supply of any goods or services pursuant to these Terms of Engagement of all or any of the provisions of Part V of the Trade Practices Act 1974 (as amended) or any relevant State Act or Territorial Ordinance which by law cannot be excluded, restricted or modified.

3.6 Indemnity

The Client shall indemnify and keep indemnified ADI Building Services Pty Ltd from and against all suits, actions, claims or demands by any person for any loss, damages, expense or costs as a result of any negligence or default by the Client.

4.0 Termination of Services

4.1 Termination by Client

Subject always to the provisions of the Building Act 1983 (as amended), the Client may by notice in writing served on ADI Building Services Pty Ltd terminate the ADI Building Services Pty Ltd's engagement under these Terms of Engagement:

- (a) If ADI Building Services Pty Ltd is in breach of the provisions of these Terms of Engagement and the breach has not been remedied within twenty-eight (28) days (or such longer period as the Client may allow) of the service by the Client on ADI Building Services Pty Ltd of a notice requiring the breach to be remedied; or
- (b) If the Client serves on ADI Building Services Pty Ltd a notice requiring that these Terms of Engagement be terminated on a date specified in the notice being not less than sixty (60) days after from the date of issue of the notice.

4.2 Termination by ADI Building Services Pty Ltd Subject always to the provisions of the Building Act 1983 (as amended), ADI Building Services Pty Ltd may by notice in writing served on the Client terminate ADI Building Services Pty Ltd's obligations under these Terms of Engagement:

- (a) If the Client is in breach of the conditions of any part of clause 3 hereof and the breach has not been remedied within seven (7) days (or such longer period as ADI Building Services Pty Ltd may allow) of the service by ADI Building Services Pty Ltd on the Client of a notice requiring the breach to be remedied; or
- (b) If the Client is in breach of the provisions of any other clause hereof and the breach has not been remedied within twenty-eight (28) days (or such longer period as ADI Building Services Pty Ltd may allow) of the service by ADI Building Services Pty Ltd on the Client of a notice requiring the breach to be remedied; or
- (c) If ADI Building Services Pty Ltd serves on the Client a notice requiring that these Terms of Engagement be terminated on a date specified in the notice being not less than sixty (60) days after the date of the notice.

4.3 Termination Not to Affect Rights In Respect of Prior Breaches

Termination shall be without prejudice to any claim which either party may have against the other in respect of any breach of the provisions of these Terms of Engagement which occurred prior to the date of determination.

4.4 Work-In-Progress

If ADI Building Services Pty Ltd's obligations are terminated, then the Client shall pay for all work in progress performed by ADI Building Services Pty Ltd up until the date of termination.

5. General Matters

5.1 Transfer and Assignment

(a) ADI Building Services Pty Ltd and the Client each binds itself and its partners (if any), successors, executors, administrators, permitted assigns and legal representatives to the other party to these Terms of Engagement and to the partners (if any), successors, executors, administrators, permitted assigns and legal representatives of the other party in respect to all covenants and obligations of these Terms of Engagement.

(b) Neither ADI Building Services Pty Ltd nor the Client shall assign, sublet or transfer any right or obligation under the Agreement without the written consent of the other party. Unless specifically stated to the contrary in any written consent to an assignment, no assignment shall release or discharge the assignor from any obligation under these Terms of Engagement.

(c) Nothing contained in this Clause shall prevent ADI Building Services Pty Ltd from employing such persons or companies as it may deem appropriate to assist it in the performance of these Terms of Engagement.

5.2 Consultants

If circumstances arise which require the services of a specialist or expertise outside the field of ADI Building Services Pty Ltd, then ADI Building Services Pty Ltd may with the prior approval of the Client engage the appropriate consultant. The consultant shall be engaged at the Client's expense and on its behalf. The Client's approval shall not be unreasonably withheld.

6. Definitions and Interpretation

6.1 Definitions

Except where the context requires otherwise: "the Client" means the owner of the Property and to the extent appropriate includes the agents (including the builder), officers and employees of the owner; "fees", "expenses" and "Services" means the fees, expenses and Services referred to in ADI Building Services Pty Ltd's Letters to the Client; "ADI Building Services Pty Ltd's Letters" means ADI Building Services Pty Ltd's correspondence setting out its proposal to the Client and its confirmation of its engagement by the Client; "Building Works", "owner" and "Property" mean the Building Works, owner and Property described on the Application for the Building Permit.

Severability The parties agree that a construction of these Terms of Engagement that results in all the provisions being enforceable is to be preferred to a construction that does not so result. If, however, a provision of these Terms of Engagement is illegal or unenforceable, then:

- (a) if the provision would not be illegal or unenforceable if a word or words were omitted, that word or words are severed; and
- (b) in any other case, the whole provision is severed and the remainder of these Terms of Engagement continue in force.

Areas of Aboriginal Cultural Heritage Sensitivity

BUILDING PERMIT

All or part of this property is in an area of cultural heritage sensitivity.

ISSUED 17/03/2025
NUMBER BS-U-1025-7674406560240
'Areas of cultural heritage sensitivity' are defined under the Aboriginal Heritage Regulations 2018, and include registered Aboriginal cultural heritage places and landform types that are generally regarded as more likely to contain Aboriginal cultural heritage.

RELEVANT BUILDING SURVEYOR
Andrew G Stone
BS-U 1025
Under the Aboriginal Heritage Regulations 2018, 'areas of cultural heritage sensitivity' are one part of a two part trigger which require a 'cultural heritage management plan' be prepared where a listed 'high impact activity' is proposed.

TERMITE PROTECTION REQUIRED
BUSHFIRE PROTECTION REQUIRED
If a significant land use change is proposed (for example, a subdivision into 3 or more lots), a cultural heritage management plan may be triggered. One or two dwellings, works ancillary to a dwelling, services to a dwelling, alteration of buildings and minor works are examples of works exempt from this

Under the Aboriginal Heritage Act 2006, where a cultural heritage management plan is required, planning permits, licences and work authorities cannot be issued unless the cultural heritage management plan has been approved for the activity.

For further information about whether a Cultural Heritage Management Plan is required go to
<http://www.aav.nrms.net.au/aavQuestion1.aspx>

More information, including links to both the Aboriginal Heritage Act 2006 and the Aboriginal Heritage Regulations 2018, can also be found here - <https://www.aboriginalvictoria.vic.gov.au/aboriginal-heritage-legislation>.

Note: the relevant building surveyor determines the need for compliance with the bushfire construction requirements.

TERMITE PROTECTION REQUIRED
BUSHFIRE PROTECTION REQUIRED

Designated BPA are determined by the Minister for Planning following a detailed review process. The Building Regulations 2018, through adoption of the Building Code of Australia, apply bushfire protection standards for building works in designated BPA.

Designated BPA maps can be viewed on VicPlan at <https://mapshare.vic.gov.au/vicplan/> or at the relevant local council.

Create a BPA definition plan in [VicPlan](#) to measure the BPA.

Information for lot owners building in the BPA is available at <https://www.planning.vic.gov.au>.

Further information about the building control system and building in bushfire prone areas can be found on the Victorian Building Authority website <https://www.vba.vic.gov.au>. Copies of the Building Act and Building Regulations are available from <http://www.legislation.vic.gov.au>. For Planning Scheme Provisions in bushfire areas visit <https://www.planning.vic.gov.au>.

Native Vegetation

Native plants that are indigenous to the region and important for biodiversity might be present on this property. This could include trees, shrubs, herbs, grasses or aquatic plants. There are a range of regulations that may apply including need to obtain a planning permit under Clause 52.17 of the local planning scheme. For more information see [Native Vegetation \(Clause 52.17\)](#) with local variations in [Native Vegetation \(Clause 52.17\) Schedule](#).

To help identify native vegetation on this property and the application of Clause 52.17 please visit the Native Vegetation Information Management system <https://nvim.delwp.vic.gov.au/> and [Native vegetation \(environment.vic.gov.au\)](#) or please contact your relevant council.

You can find out more about the natural values on your property through NatureKit [NatureKit \(environment.vic.gov.au\)](#)

Designated land or Designated works (Reg. 154)?	NO*

***NOTE:** Flooding information is predominantly based on 'Planning Scheme Flood Overlays' and 'Melbourne Water Data' available, any building work proposed within 20 metres of a water course (not requiring a planning permit) should be designed to ensure that amenity and structural integrity is not impacted (further opinion may be obtained from Councils Municipal Building Surveyor).

**** NOTE:** BAL='Bushfire Attack Level', BAL's may also be provided as restrictions on title/subdivision and shall be complied with. Refer to 'Land Channel' website for information relating to regulation 155 (designated state bushfire prone areas) [DELWP Vic Plan Maps](#)

PLANNING UNIT

For planning information please complete the planning information request located on our website [Planning information or advice](#) and pay the associated fee.

COMMUNITY INFRASTRUCTURE LEVY

'Community infrastructure' levies are financial contributions made by landowners towards locally provided infrastructure that is required to meet the future needs of the community. **Community Infrastructure Levy is applicable to new dwellings constructed in Pakenham, Officer, and some areas of Beaconsfield.**

Is the property subject to the Community Infrastructure Levy (payable by owner?) **NO**

ASSET PROTECTION UNIT

The asset protection permit application fee and bond must both be paid, and your permit issued **before works start**. Please refer to our website for further details: [Apply for an asset protection permit](#)

Yours sincerely

Client: DME Contracting

Deck Structural Components:

- Bearers: 2 × 190×45 F7 Treated Pine, spanning 2.5 m at 1.5 m spacing.
- Deck Joists: C10015 Purlins, spanning 1.5 m between bearers at 450 mm centres.
- Stumps: 125×125 F7 Cypress, 300 mm high, supporting bearers.
- Footings: 450×450×60 mm concrete sole plates.

2. Australian Standards Used

- AS 1720.1-2010 – Timber Structures
- AS 1170.1-2002 – Structural Actions: Permanent, Imposed & Other Actions
- AS 1170.2-2021 – Wind Actions (Not considered)
- AS 2870-2011 – Residential Slabs and Footings

3. Summary of Loads

Live Load (Q): 1.5 kPa (Residential deck use per AS1170.1)

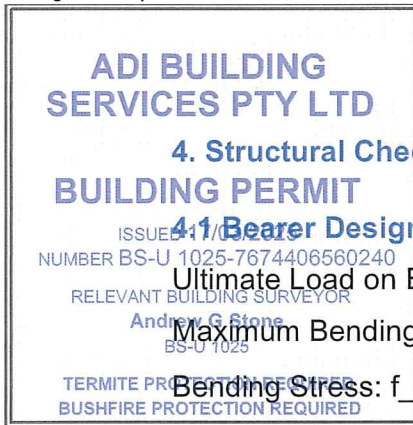

Dead Load (P): 0.5 kPa (Decking, framing, finishes)

Ultimate Limit State (ULS) Load Combination (AS1170.0):

$$1.2P + 1.5Q = 1.2(0.5) + 1.5(1.5) = 2.55 \text{ kPa}$$

Serviceability Limit State (SLS) Load Combination:

$$P + 0.4Q = 0.5 + 0.4(1.5) = 1.1 \text{ kPa}$$

4. Structural Checks

BUILDING PERMIT

4.1 Bearer Design Check (2/190×45 F7 Treated Pine)

Ultimate Load on Bearer: $w = 2.55 \times 0.45 = 1.1475 \text{ kN/m}$

Maximum Bending Moment: $M^* = (wL^2)/8 = (1.1475 \times 2.5^2)/8 = 0.895 \text{ kNm}$

Bending Stress: $f_b^* = 3.87 \text{ MPa}$, Allowable: 9.6 MPa ✓ PASS

Shear Stress: $f_s^* = 0.251 \text{ MPa}$ ✓ PASS

Deflection: $\delta = 2.43 \text{ mm}$, Allowable: 8.33 mm ✓ PASS

4.2 Deck Joist Check (C10015 Purlins)

Bending Stress: $f_b^* = 3.04 \text{ MPa}$ ✓ PASS

Shear Stress: $f_s^* = 0.203 \text{ MPa}$ ✓ PASS

Deflection: $\delta = 1.71 \text{ mm}$ ✓ PASS

4.3 Stump Check (125×125 F7, 300 mm High)

Compressive Stress: $f_c^* = 0.092 \text{ MPa}$ ✓ PASS

4.4 Footing Bearing Capacity Check

Bearing Pressure: $q^* = 7.08 \text{ kPa}$ ✓ PASS

5. Conclusion

- ✓ All members meet Australian Standards requirements.
- ✓ The deck structure is structurally adequate under ultimate and serviceability loads.
- ✓ The design is safe and suitable for construction.

APPENDIX C

Defects, Incomplete Building Work, Second-hand Materials, Inaccessible Building Work & Comments: No Defects at time of inspection

NOTE – A building permit was issued for the construction of the deck area only.

Owner has advised me that the property is up for sale, and this is why a 137b report was requested.

Carried out a visual inspection to internal works which has been renovated and deck area. The deck has been constructed to a good standard and has a Completion Of final Inspection certificate which is attached to this report.

The living rooms, bedrooms and all wet areas have been constructed to a good standard.

All cupboard doors installed open and close fine at time of inspection.

Splashback has been installed and caulked to benchtop.

All plumbing pipes have been connected to the sink/vanity.

All tile work is in good condition and all wet areas have been caulked.

Incomplete Building Work:

Nil

Second-hand Materials:

Some internal cladding has been left for aesthetics for example ceilings in bedrooms and some internal wall linings. (photos attached).

APPENDIX D

Important General Advice, Limitations, Assessment Considerations & Assessment Interpretations

1. A 'reasonable visual inspection' of the external Building Work has been carried out. Guiding principles, as generally described in AS 4349.1 1995 'Inspection of Buildings', have been used in the preparation of this Report. This Report will not necessarily identify 'minor'/'non-critical' 'variations' from any referenced documents.
2. A 'Defect' in Building Work is as described in the 'warranty' provisions of Section 137C(1) Building Act 1993 inter alia Section 8 Domestic Building Contracts Act 1995 i.e. (a) (not) carried out in a 'proper and workmanlike manner' (b) all materials (not) 'good and suitable' and 'new' and (c) (not) carried out in accordance with 'all laws and legal requirements'. In contemplation of Section 137C(1)(c), 'Defects' are considered in the context of the Building Act 1993, Building Regulations 2006, NCC 2016, Australian Standards or previous equivalent provisions. 'Defects' are generally considered in terms of requirements &/or expected practices at the time the Building Work was carried out &/or any Building Approval/Building Permit was issued.
3. The 'deemed to satisfy' provisions of the NCC 2019 have generally been considered in lieu of any 'Alternative Solutions' or 'Performance Requirement' determinations. No 'modification' from the Building Appeals Board or 'consent' under Regulation 309 Building Regulations 2006 has been provided to STATEWIDE BUILDING CONSULTANTS. Any Building Approval/Building Permit, plans &/or other documents are relied upon as having been correctly 'approved' and are assumed to 'comply generally' and be 'valid' unless otherwise identified. If a Certificate of Final Inspection &/or Occupancy Permit has been issued it is assumed that all required inspections have been 'approved' and the assessment of the Building Work 'normally considered' by the relevant inspections i.e. Foundation, Footing, Frame &/or Final/Occupancy Permit are assumed have been properly considered and approved by the Relevant Building Surveyor.
4. This report may exclude consideration of landscaping, paving, retaining structures, driveway or fencing unless such works are a) 'integral to' the Building Work, b) requires the issue of a Building Permit, c) could result in water penetration of or within a building, d) could adversely affect health or safety, e) could adversely affect the structural adequacy of a building or f) are 'not completed' pursuant to Clause 5.1.3 of the Ministerial Order. Note that the Ministerial Order Clause 6.3.1 provides for a 'Domestic Building Insurance Policy' to exclude or limit claims in respect of any 'Defect' or 'Incomplete Domestic Building Work' referred to in this Report. Any Building Work contemplated under a contract to sell a home should be a Major Domestic Building Contract (Section 137E Building Act 1993).
5. Normal &/or expected construction practices & building techniques & materials that are considered typical of the age &/or design of the Building Work have been 'assumed' in the inspection, assessment and in the preparation of this Report. Normal or expected 'fair wear & tear' or failure to 'reasonably maintain' the Building Work does not form part of this Report (refer Clause 7.4 Ministerial Order).

admin@statewideblde.com.au

6. Areas considered accessible pursuant to the provisions of Section 1.4.6 of AS 43349.1 1995 are not necessarily considered 'reasonable' for the purposes of this Report and sub-floor areas, roof spaces and roof exteriors have only been inspected and assessed where in the opinion of the 'prescribed practitioner' that it is appropriate and deemed necessary. This does not mean that no such spaces have been inspected but only to the 'degree considered necessary i.e. in this particular instance based on a visual inspection from ground level'. Access has not been made by STATEWIDE BUILDING CONSULTANTS to any abutting/adjacent site/allotment/building to assess the Building Work, unless otherwise expressly stated. Any floor area/s stated in this Report are for the purposes of assisting in generally 'identifying' the nature & scope of Building Work only and may not necessarily be an 'accurate determination' of actual floor areas.
7. No 'testing', moving or consideration of any materials, equipment, fittings/furniture, fixtures, reticulated services or 'mechanical or electrical equipment or appliance' or the like has been carried out other than the consideration of the 'workmanship of installation' of any 'mechanical or electrical equipment or appliance'. Glazing, in terms of 'human impact considerations', such as the need for 'safety glass' in doors, side lights, low level windows and other areas are as a matter of course difficult to assess accurately, as 'laminated glass' will normally be provided only with part temporary marking whereas 'toughened glass' will be permanently marked. No assessment has been made of any dampness in the Building Work such as rising damp or stormwater infiltration or the likelihood of it other than by 'reasonable visual inspection'. No inspection or assessment has been made of asbestos or other mineral fibre or other 'toxic' or otherwise potentially 'harmful' material. STATEWIDE BUILDING CONSULTANTS has not inspected woodwork or any other parts of the structure which are covered, unexposed or inaccessible and we are therefore unable to Report that any such part of the structure is free from defect. No assessment of termite or other insect attack or the potential of any attack has been carried out. No inquiries have been made of any 'statutory authority' or 'service supply agency'. No Notices, Orders or Directions issued under the provisions of the Building Act 1993, the Building Regulations 2006 or any other legislation have been contemplated in the preparation of this Report nor have any 'inspection approval dates' &/or results of any 'mandatory notification stage' inspections of any Building Approval/Building Permit/s unless stated. The uses &/or floor & other loadings are considered to be of a domestic nature unless otherwise commented.
8. This Report may not necessarily report on 'minor defects' or maintenance matters including small cracks in plaster, tiling etc, operation of latches/locks, windows or other equivalent 'minor' faults or 'defects'.
9. No assessment has been made of the site or soil or foundation upon which the Building Works footings and associated Building Work has been founded/constructed. This Report has not considered any existing or future impact on the footing or foundation of the building or the fabric or serviceability of the Building Work caused by site or ground drainage, trees on this site or any other site, ground movement caused by swelling or shrinking or other causes that may include settlement or movement of any non-natural or 'filled' ground. Notwithstanding this, attention is drawn to the important performance/foundation provisions discussed in CSIRO Pamphlet 10-91 'Guide to Home Owners on foundation maintenance and footing performance'.
10. Stormwater discharge including surface water control, the point/s of discharge or 'legality' of discharge/s has not been assessed in the context of the Building Work or the site other than reporting on site/surface drainage assessable in consideration of normal or expected practices &/or by 'reasonable visual inspection'.
11. The 'siting' of the Building Work in relation to boundaries of the allotment or in the context of compliance with any 'siting requirements' has been considered only to the extent of siting described in any relevant 'plans and/or specifications' forming part of any issued Building Approval and/or Building Permit.

12. No assessment of the matters described in Part 6 Building Regulations 2006 'Building Work in Special Areas' including the potential for the land to flood, to be subject to bushfire attack, the state of or the potential for the Building work to be subject to termite attack or if the Relevant Building Surveyor in determining a Building Approval/Building Permit required protection against termite infestation or the potential for the building to be subject to uncontrolled overland drainage flow, has been carried out by Statewide Building Consultants
13. Statewide Building Consultants. Any representations made &/or advice provided to Statewide Building Consultants has been received in the 'utmost good faith' and has been relied upon. Any breach of a 'duty of disclosure' &/or any acts or omissions of any description 'made' to Statewide Building Consultants that may prejudice the Report are specifically excluded.
14. If any party seeks clarification of any matter contained in this Report, they are encouraged to contact Statewide Building Consultants.
15. All parts of the Building Work 'available' for 'reasonable visual inspection' have been accessed and assessed. Notwithstanding this, it is inherent in the assessment of some 'Building Work' that footings, slab, wall/roof structures, internal parts of the building obscured by furniture, household effects, floor coverings etc and sub-floor areas in, part or total, are in many cases not able to be accessed &/or assessed, fully or partially, and may be noted generally, 'Partially accessible &/or determinable' (PA) in Appendix

Financial hardship and assistance

If you are experiencing financial hardship which is affecting your ability to pay your rates, please visit www.cardinia.vic.gov.au/rateshelp or call us to discuss your options. To access free financial counselling and advice visit the National Debt Helpline's website www.ndh.org.au or call them on 1800 007 007.

You may apply for a waiver, deferral or payment plan for your rates and charges in accordance with sections 170, 171, 171A or 171B of the Local Government Act 1989. A copy of the legislation is available on our website at www.cardinia.vic.gov.au/rates

Council may enter into a payment plan with you, upon certain terms and conditions determined by Council and in accordance with the applicable legislation, to make smaller, more regular payments towards your rates and charges. Please visit www.cardinia.vic.gov.au/rates or call us for more information.

Payment of rates and charges

Rates and charges are payable in 4 instalments as per the due dates on the front of this notice, or by weekly, fortnightly, monthly or quarterly direct debit payments. To set up a direct debit payment plan please visit www.cardinia.vic.gov.au/flexipay

Interest may be charged on overdue rates and charges in accordance with sections 172 and 172A of the Local Government Act 1989. Subject to sections 180 and 180A of the Local Government Act 1989 legal action may also be taken for recovery of unpaid rates and charges and may incur additional costs.

Please note, Council does not offer payment in full by February 15. If you wish to pay all four instalments in a single payment, you must do so by the due date of the first instalment to avoid interest.

All payments received will be allocated in the following order:

- 1) Legal costs (if any)
- 2) Interest (if any)
- 3) Arrears (if any)
- 4) Current rates and charges

Concessions and rebates

If you have a Centrelink or Department of Veterans' Affairs Pensioner Concession Card or specific Department of Veterans' Affairs gold card you may be eligible for the Municipal rates concession. The property must be your principal place of residence and match the address on your eligible card.

To apply for the concession go to www.cardinia.vic.gov.au/rates for a link to the 'Municipal rates concession' web page on the Department of Families, Fairness and Housing website (DFFH) or call us to obtain a hard copy form. Please complete the application form and return the completed form to Council by post or email.

If you receive Jobseeker payments you may be eligible for the Jobseeker rebate provided by Council. To apply for this rebate please go to www.cardinia.vic.gov.au/rates or call us to obtain a hard copy form and return the completed form to Council by post or email.

Change of mailing address and property ownership

If your mailing address has changed please go to www.cardinia.vic.gov.au/rates to update your details.

Property owners are legally required to advise Council of a change in ownership by way of a Notice of Acquisition or copy of title.

Differential rates

Council applies differential rates depending on property location and property type. Information on our differential rates is contained in our Revenue and Rating Plan and is available at www.cardinia.vic.gov.au

We are required by legislation to provide the below rate comparison information to show what rates would be for your property for each differential rate. The actual rate levied for your property is shown on the front of this notice, based on location and predominant land use.

Differential rate	Rate in \$	Amount
Base rate	0.0021041	\$2,114.62
Farm land	0.0015781	\$1,585.99
Urban farm land	0.0017880	\$1,796.94
Urban commercial and industrial land	0.0030511	\$3,066.36
Urban residential	0.0022509	\$2,262.15
Urban vacant land	0.0048187	\$4,842.79

For more information about rates and your legal rights and responsibilities visit www.cardinia.vic.gov.au/rates or contact us on 1300 787 624 or mail@cardinia.vic.gov.au

Privacy statement

Personal information collected by Council is used for municipal purposes as specified in the Local Government Act 1989. Personal information will be held securely and used solely by Council for these purposes and/or directly related purposes. Council may disclose this information to other organisations if required or permitted by legislation.

The Victorian Government's rate cap

Council has complied with the Victorian Government's rates cap of 2.75%. The cap applies to the average annual increase of total general rates. The rates and charges for your property may have increased or decreased by a different percentage amount for the following reasons:

- (i) the valuation of your property relative to the valuation of other properties in the municipality;
- (ii) the application of any differential rate by Council;
- (iii) the inclusion of other rates and charges not covered by the Victorian Government's rate cap e.g. waste charges and the State Fire Services Property Levy.

Property valuations

Property valuations are undertaken annually by the Valuer General Victoria and is an assessment of the market value of a property as at 1 January each year.

Supplementary valuations are also made during the year where there has been a material change to the property such as a new building or land subdivision.

There are 3 separate valuations returned and Council may use any of these as its system of valuation for levying rates:

Site Value (SV) – the land value only.

Capital Improved Value (CIV) – the market value of the property, being the Site Value plus the value of any buildings and other improvements on the land.

Net Annual Value (NAV) – for residential and rural/farm properties 5% of the CIV, for commercial and industrial properties the higher of the estimated annual market rent or 5% of the CIV.

Cardinia Shire uses the CIV system of valuation to levy general rates.

Fire Services Property Levy

This is a Victorian Government levy, collected by Councils, to fund the State's fire services. The amount payable varies depending on the property's Land Use Classification and Capital Improved Value. You have the right to apply for a waiver, deferral, or discount on the levy amount under section 27 of the Fire Services Property Levy Act 2012 for rateable land, and under section 28 for non-rateable residential land. Visit www.sro.vic.gov.au/fire-services-property-levy for more information.

Australian Valuation Property Classification Code (AVPCC)

This code is assigned to your property according to the predominant use of the land and is used to determine your property's Land Use Classification, in accordance with the Fire Services Property Levy Act 2012.

Land Use Classification

This classification is used to calculate the Fire Services Property Levy amount payable for your property. It does not refer to the zoning of the property or how Council rates are calculated.

Appeal, review and objection to rates and charges, differential rates, valuations and AVPCC

You can object to the valuation of your property and/or the AVPCC assigned within 60 days of the notice issue date. Section 17 of the Valuation of Land Act 1960 specifies the grounds for objection. An objection can be made in writing on the prescribed form or online at ratingvaluationobjections.vic.gov.au

Under section 183 of the Local Government Act 1989 you can apply to the Victorian Civil and Administrative Tribunal (VCAT) for a review of any differential rate applied to your property within 60 days of the notice issue date.

You can appeal to the County Court for a review of any rate or charge applied to your property within 60 days of the notice issue date. Section 184 of the Local Government Act 1989 specifies the grounds for appeal.

Our growing water needs

As Melbourne grows,
so does the water we use.

Our water supplies will need to grow to meet the needs of our expanding community with 800,000 homes set to be built in Victoria over the next decade.

We're doing this together

We're working together as Melbourne's water providers to secure the future of our city's water supplies, so we have enough for today and for the next 50 years. This includes finding more efficient ways to use the water we already have, increasing use of diverse water sources and growing our use of smart technology to manage water and sewer networks and identify leaks.

How you can help

We have some of the world's best drinking water, and you can help save it with some simple actions:

- The average shower is 7 minutes – try reducing that by a minute or two and install a water efficient showerhead
- Use the half flush on your toilet

- Water the garden with a trigger nozzle before 10am or after 6pm when it will absorb more water.

You can also help by reaching the daily water usage target of 150 litres per person, per day. Check your latest bill to see if you're meeting the target.

For more water savings tips

or to learn more about how we're securing Melbourne's water supplies together, go to southeastwater.com.au/savewater or scan the QR code:

Recycled water has an important role

More than 61,000 households in the south east and 127,000 across Melbourne are already using Class A recycled water to flush, do a load of washing and water the garden.

And two major projects are underway to deliver recycled water to big water users like golf courses, nurseries, vegetable growers and irrigators. These projects will deliver 2.2 billion litres of recycled water a year – leaving a huge amount of drinking water in our storages so there'll be enough for everyone.

SITE VALUE (SV):	\$905,000
CURRENT LAND TAX AND VACANT RESIDENTIAL LAND TAX CHARGE:	\$0.00

Notes to Certificate - Land Tax

Certificate No: 89964568

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser by the Commissioner cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge and Vacant Residential Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

Apportioning or passing on land tax to a purchaser

6. A vendor is prohibited from apportioning or passing on land tax including vacant residential land tax, interest and penalty tax to a purchaser under a contract of sale of land entered into on or after 1 January 2024, where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

7. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
8. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Commercial and Industrial Property Tax

Certificate No: 89964568

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any commercial and industrial property tax (including interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue.

Australian Valuation Property Classification Code (AVPCC)

3. The Certificate may show one or more AVPCC in respect of land described in the Certificate. The AVPCC shown on the Certificate is the AVPCC allocated to the land in the most recent of the following valuation(s) of the land under the *Valuation of Land Act 1960*:
 - a general valuation of the land;
 - a supplementary valuation of the land returned after the general valuation.
4. The AVPCC(s) shown in respect of land described on the Certificate can be relevant to determine if the land has a qualifying use, within the meaning given by section 4 of the *Commercial and Industrial Property Tax Reform Act 2024* (CIPT Act). Section 4 of the CIPT Act Land provides that land will have a qualifying use if:
 - the land has been allocated one, or more than one, AVPCC in the latest valuation, all of which are in the range 200-499 and/or 600-699 in the Valuation Best Practice Specifications Guidelines (the requisite range);
 - the land has been allocated more than one AVPCC in the latest valuation, one or more of which are inside the requisite range and one or more of which are outside the requisite range, and the land is used solely or primarily for a use described in an AVPCC in the requisite range; or
 - the land is used solely or primarily as eligible student accommodation, within the meaning of section 3 of the CIPT Act.

Commercial and industrial property tax information

5. If the Commissioner has identified that land described in the Certificate is tax reform scheme land within the meaning given by section 3 of the CIPT Act, the Certificate may show in respect of the land:
 - the date on which the land became tax reform scheme land;
 - whether the entry interest (within the meaning given by section 3 of the Duties Act 2000) in relation to the tax reform scheme land was a 100% interest (a whole interest) or an interest of less than 100% (a partial interest); and
 - the date on which the land will become subject to the commercial and industrial property tax.
6. A Certificate that does not show any of the above information in respect of land described in the Certificate does not mean that the land is not tax reform scheme land. It means that the Commissioner has not identified that the land is tax reform scheme land at the date of issue of the Certificate. The Commissioner may identify that the land is tax reform scheme land after the date of issue of the Certificate.

Change of use of tax reform scheme land

7. Pursuant to section 34 of the CIPT Act, an owner of tax reform scheme land must notify the Commissioner of certain changes of use of tax reform scheme land (or part of the land) including if the actual use of the land changes to a use not described in any AVPCC in the range 200-499 and/or 600-699. The notification

must be given to the Commissioner within 30 days of the change of use.

Commercial and industrial property tax is a first charge on land

8. Commercial and industrial property tax (including any interest and penalty tax) is a first charge on the land to which the commercial and industrial property tax is payable. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid commercial and industrial property tax.

Information for the purchaser

9. Pursuant to section 27 of the CIPT Act, if a bona fide purchaser for value of the land described in the Certificate applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the Certificate. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

10. Despite the issue of a Certificate, the Commissioner may recover a commercial and industrial property tax liability from a vendor, including any amount identified on this Certificate.

Passing on commercial and industrial property tax to a purchaser

11. A vendor is prohibited from apportioning or passing on commercial and industrial property tax to a purchaser under a contract of sale of land entered into on or after 1 July 2024 where the purchase price is less than \$10 million (to be indexed annually from 1 January 2025, as set out on the website for Consumer Affairs Victoria).

General information

12. Land enters the tax reform scheme if there is an entry transaction, entry consolidation or entry subdivision in respect of the land (within the meaning given to those terms in the CIPT Act). Land generally enters the reform on the date on which an entry transaction occurs in respect of the land (or the first date on which land from which the subject land was derived (by consolidation or subdivision) entered the reform).
13. The Duties Act includes exemptions from duty, in certain circumstances, for an eligible transaction (such as a transfer) of tax reform scheme land that has a qualifying use on the date of the transaction. The exemptions apply differently based on whether the entry interest in relation to the land was a whole interest or a partial interest. For more information, please refer to www.sro.vic.gov.au/CIPT.
14. A Certificate showing no liability for the land does not mean that the land is exempt from commercial and industrial property tax. It means that there is nothing to pay at the date of the Certificate.
15. An updated Certificate may be requested free of charge via our website, if:
 - the request is within 90 days of the original Certificate's issue date, and
 - there is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Windfall Gains Tax

Certificate No: 89964568

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:
 - Windfall gains tax that is due and unpaid, including any penalty tax and interest
 - Windfall gains tax that is deferred, including any accrued deferral interest
 - Windfall gains tax that has been assessed but is not yet due
 - Windfall gains tax that has not yet been assessed (i.e. a WGT event has occurred that rezones the land but any windfall gains tax on the land is yet to be assessed)
 - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser by the Commissioner is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.
5. If the certificate states that a windfall gains tax is yet to be assessed, note 4 does not apply.
6. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

Passing on windfall gains tax to a purchaser

8. A vendor is prohibited from passing on a windfall gains tax liability to a purchaser where the liability has been assessed under a notice of assessment as at the date of the contract of sale of land or option agreement. This prohibition does not apply to a contract of sale entered into before 1 January 2024, or a contract of sale of land entered into on or after 1 January 2024 pursuant to the exercise of an option granted before 1 January 2024.

General information

9. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.

Areas of Aboriginal Cultural Heritage Sensitivity

All or part of this property is an 'area of cultural heritage sensitivity'.

'Areas of cultural heritage sensitivity' are defined under the Aboriginal Heritage Regulations 2018, and include registered Aboriginal cultural heritage places and land form types that are generally regarded as more likely to contain Aboriginal cultural heritage.

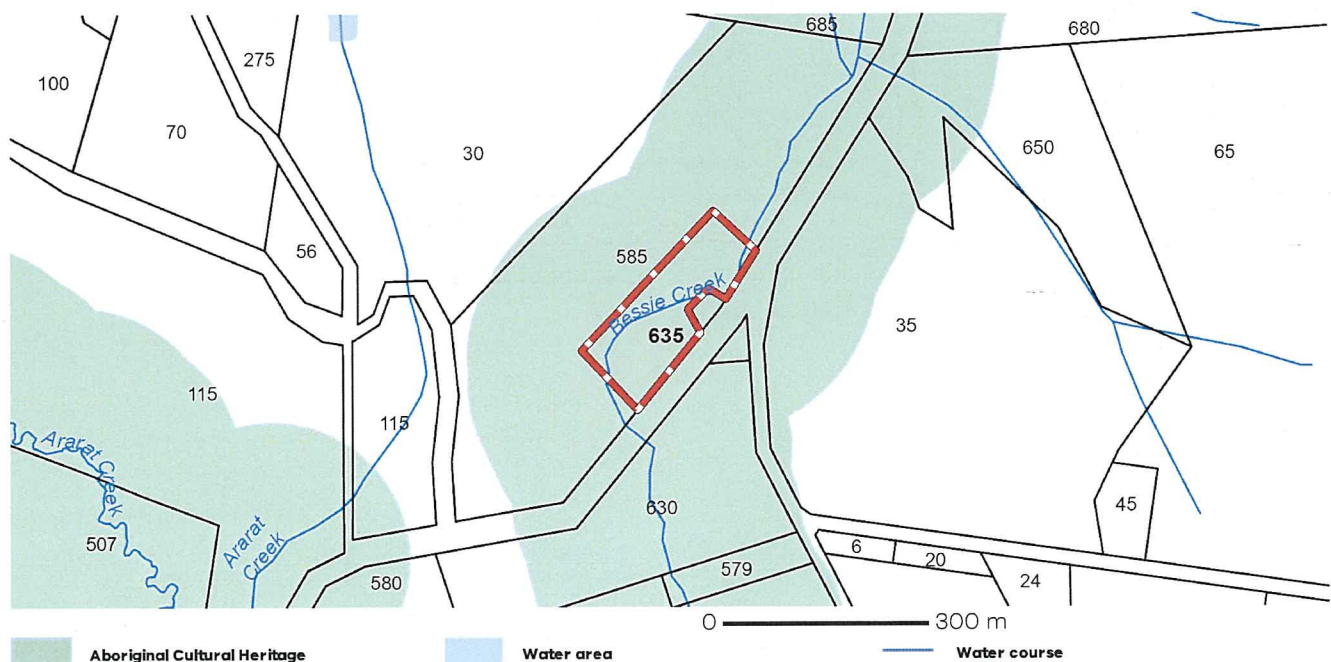

Under the Aboriginal Heritage Regulations 2018, 'areas of cultural heritage sensitivity' are one part of a two part trigger which require a 'cultural heritage management plan' be prepared where a listed 'high impact activity' is proposed.

If a significant land use change is proposed (for example, a subdivision into 3 or more lots), a cultural heritage management plan may be triggered. One or two dwellings, works ancillary to a dwelling, services to a dwelling, alteration of buildings and minor works are examples of works exempt from this requirement.

Under the Aboriginal Heritage Act 2006, where a cultural heritage management plan is required, planning permits, licences and work authorities cannot be issued unless the cultural heritage management plan has been approved for the activity.

For further information about whether a Cultural Heritage Management Plan is required go to <http://www.gav.nrms.net.au/gavQuestion1.aspx>

Further Planning Information

Planning scheme data last updated on 17 April 2025.

A **planning scheme** sets out policies and requirements for the use, development and protection of land. This report provides information about the zone and overlay provisions that apply to the selected land. Information about the State and local policy, particular, general and operational provisions of the local planning scheme that may affect the use of this land can be obtained by contacting the local council or by visiting <https://www.planning.vic.gov.au>

This report is NOT a **Planning Certificate** issued pursuant to Section 199 of the **Planning and Environment Act 1987**. It does not include information about exhibited planning scheme amendments, or zonings that may apply to the land. To obtain a Planning Certificate go to Titles and Property Certificates at Landata - <https://www.landata.vic.gov.au>

Designated Bushfire Prone Areas

This property is in a designated bushfire prone area. Special bushfire construction requirements apply to the part of the property mapped as a designated bushfire prone area (BPA). Planning provisions may apply.

Where part of the property is mapped as BPA, if no part of the building envelope or footprint falls within the BPA area, the BPA construction requirements do not apply.

Note: the relevant building surveyor determines the need for compliance with the bushfire construction requirements.

Designated BPA are determined by the Minister for Planning following a detailed review process. The Building Regulations 2018, through adoption of the Building Code of Australia, apply bushfire protection standards for building works in designated BPA.

Designated BPA maps can be viewed on VicPlan at <https://mapshare.vic.gov.au/vicplan/> or at the relevant local council.

Create a BPA definition plan in [VicPlan](#) to measure the BPA.

Information for lot owners building in the BPA is available at <https://www.planning.vic.gov.au>.

Further information about the building control system and building in bushfire prone areas can be found on the Victorian Building Authority website <https://www.vba.vic.gov.au>. Copies of the Building Act and Building Regulations are available from <http://www.legislation.vic.gov.au>. For Planning Scheme Provisions in bushfire areas visit <https://www.planning.vic.gov.au>.

Native Vegetation

Native plants that are indigenous to the region and important for biodiversity might be present on this property. This could include trees, shrubs, herbs, grasses or aquatic plants. There are a range of regulations that may apply including need to obtain a planning permit under Clause 52.17 of the local planning scheme. For more information see [Native Vegetation \(Clause 52.17\)](#) with local variations in [Native Vegetation \(Clause 52.17\) Schedule](#)

To help identify native vegetation on this property and the application of Clause 52.17 please visit the Native Vegetation Information Management system <https://nvim.delwp.vic.gov.au/> and [Native vegetation \(environment.vic.gov.au\)](#) or please contact your relevant council.

You can find out more about the natural values on your property through NatureKit [NatureKit \(environment.vic.gov.au\)](#)

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](https://www.consumer.vic.gov.au/duediligencechecklist) (<https://www.consumer.vic.gov.au/duediligencechecklist>).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

- Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.
- Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.
- Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

(04/10/2016)

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.
